

Change a Million Light Bulbs Project

Small actions taken by many people can make a difference.

*Simply changing your incandescent light bulbs to compact fluorescent ones can **cut your lighting energy bill by up to 70%** and save you money and reduce Australia's energy usage.*

***Home change packs** of compact fluorescent bulbs are available from your school.*

For more information call 0413 036 382 or email adrian@changeamillionlightbulbs.com

Change a Million Light Bulbs Project

Small actions taken by many people can make a difference.

*If we all changed our light bulbs to compact fluorescent bulbs
we can not only save money but make a difference to the future*

*For more information call 0413 036 382 or email
